Jay Feather: Page 5

MEMORIES MADE EASY

Sleek linear graphics and completely redesigned interiors give the 2018 lineup a fresh new look. And thanks to Jayco's timeless craftsmanship and modern conveniences, Jay Feather is much more than just easy on the eyes.

THE JAY FEATHER 7: READY WHEN YOU ARE

Jay Feather 7 models are towable by most minivans, crossovers and SUVs.*

Crossovers

Make	Model	Engine	Tow Limit (lbs.)	Make	Model	Engine	Tow Limit (lbs.)
Buick**	Enclave FWD/AWD	3.6L V-6	4,500	Kia	Sorento AWD	3.5L V-6	5,000

TENTED UNITS

Unloaded Vehicle Weight (UUV): Sometimes referred to as "Dry Weight," UUV means the typical weight of this trailer as built at the factory. The UUV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UUV plus personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UUV and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UUV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart on next page.

TAKE A RIDE ON THE CAREFREE SIDE

Designed for camping comfort and convenience, Jayco RVs provide an easy-going, family-fun experience that relieves your stress. With countless features and reliable construction, you'll breathe easy no matter where your adventures take you and yours.

JAYCO'S ROOF **VS** OTHER ROOFS

4,500 POUNDS ON A JAYCO ROOF VS. OTHER ROOFS

THE MAGNUM TRUSS™ ROOF SYSTEM 50 percent stronger

THE JAYCO DIFFERENCE

- American-made, nitro-filled Goodyear® radial tires** with self-adjusting brakes
- Main walls, slideout walls and floors are vacuum-bonded** for better protection from the elements
- Lightweight materials and aerodynamic profile** for easier towing
- Extra-wide corner seals** on doors and windows to prevent leaks
- Durable, water-repellent vinyl tent** on expandable models with 5-year warranty
- Hook tent frame** for more headroom in the bunk area
- Permanent tent-to-bunk attachment system** on expandable models offers easy setup; supports up to 1,100 pounds
- Magnum Truss Roof System** withstands 4,500 pounds—50 percent more than other roofs
- 3/8-inch plywood roof decking** secured at every seam
- One-piece, sidewall-wrapped DiFlex II roof** material provides the ultimate in leak protection
- Norco® NextGen frame with integrated A-frame** prevents the hitch from buckling

Meet your Jayco Dealer

We work hard—so you can play hard. From finding the perfect Jayco for your family to providing flexible financing options and full-service support, we're here to help.
