

NOMAD

TRAVEL TRAILERS SINCE 1960

SKYLINE
RECREATIONAL VEHICLES

An EverGreen Company

The 328BH has a large “Skyland” for easy meal prep. The bunkhouse is a fun hangout for the kids and offers plenty of storage for all their toys.

THIS IS YOUR FATHER'S NOMAD.

Some of your first camping memories may have been outside a Nomad travel trailer. Since 1960 the Nomad name has come to mean family, friends and the great outdoors. It also means quality craftsmanship at an affordable price. Although the look of the Nomad has evolved over the years from aluminum to fiberglass, those same principles remain the same.

Today, the Nomad line also includes the Dart Series and Bandit Series. Nomad Dart models are only seven and a half feet wide for those looking for a well-built trailer that is easy-to-tow. For those looking to haul gear between camp and home the Nomad Bandit all-purpose utility hauler gets the job done.

A flush mount stove with glass top and large single bowl sink are standard in all Nomads, shown here in the 328BH.

SKYSMART FEATURES YOUR DAD WOULD APPRECIATE.

Our goal is in building Nomad travel trailers your mom, dad and now you would love. With over 50 years of experience we know what it takes to keep improving original designs. One way we do that is by adding SkySmart features – exclusive, practical touches that add everyday convenience to your RV adventures.

Recessed range

A recessed range with cover allows you to utilize more counter space when the stove isn't in use.

Shoe Cubby

Keeping everything organized and tidy is easy with under bed shoe cubbies in most models.

Exterior Storage

Maximize the outdoor space with an all-weather, folding table that stores securely in an exterior compartment when not in use.

Single Bowl Sink

A large, single bowl sink is functional for washing cumbersome pots and numerous dishes.

SMALL ON SIZE, BIG ON ADVENTURE.

Your parents might not recognize today's mega-RVs, but they will appreciate the Nomad Dart. A travel trailer that harkens back to a time before the "bigger is better" philosophy. Without sacrificing all the SkySmart features we know you love, we've downsized the Dart to only seven and a half feet wide. Dart models are lighter, shorter and easier-to-tow than ever before while maintaining the integrity of the iconic Nomad name.

Comfortable and Functional

Relax in the comfort of leather bonded material. The E-Z to clean leather is suitable for kids and pets.

Upgraded Kitchen

Take RV cooking to the next level with popular kitchen optional upgrades like the seven-cubic foot refrigerator or 17-inch oven. Standard features include a flush mount range with glass top and large single bowl sink.

TAKE IT ALL ON THE ROAD.

The Nomad Bandit all-purpose hauler has all the comforts of a travel trailer and the storage capacity of a toy hauler. Whether you're bringing along the family bicycle fleet, kayaks, razor, golf cart or dirt bikes, the Bandit garage is designed to haul it all. A lightweight ramp door makes loading and unloading simple and an in-floor storage compartment in the garage keeps tools organized and accessible.

Top: Eat-in Kitchens

Enjoy a warm breakfast inside on those rainy mornings. An adult-size super dinette with storage underneath has plenty of room for the whole family.

Middle: Meal Prep Made Easy

Bandit kitchens are fully equipped with a flush mount range with glass top and large single bowl sink and full extension drawers as shown here in the 316SB.

Bottom: Sleepy Campers

When you've unloaded at the campsite, an optional HappiJac power queen bed in the rear provides plenty of sleeping arrangements for everyone.

Power Tongue Jack

All Skyline products have a standard power tongue jack.

NOMAD DART AND BANDIT STANDARDS AND OPTIONS
