\*With optional bath/shower

**Unloaded Vehicle Weight (UWV):** Sometimes referred to as "Dry Weight," UWV means the typical weight of this trailer as built at the factory. The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UWV plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart above.

## STANDARDS AND OPTIONS

### STANDARD EXTERIOR EQUIPMENT

- Heavy-duty, corrosion-resistant frame construction
- Integrated A-frame by Norco®
- One-piece wooden floor deck wrapped with Poly Flex™ underbelly material
- Scratch-resistant, embossed-aluminum exterior finish

# 5 LIFETIME WARRANTIES

## LIFTER SYSTEM

Featuring extra-wide lifter posts and flexible push-rods, our easy-to-use lifter system carries a lifetime warranty.

## BED PLATFORM

Our two-piece, extruded aluminum bed frame features half-inch decking and heavy-duty supports—holding up to 1,050 pounds.

## FLOOR

Our one-piece, wooden floor deck with water-resistant Poly Flex™ material is the strongest in the industry. Glue and screws double bond the floor to the frame for extra-mile durability.

## ROOF

A one-piece, fiberglass roof features a unique dome design for better water runoff and superior leak prevention.

## FRAME

Powder-coated to prevent corrosion, Jayco's custom-built, integrated A-frame is built for the long haul—and designed to prevent buckling and torque during towing.

## 5-YEAR TENT WARRANTY

We also offer five-year (5) coverage on our tents, with parts, labor and freight covered the first two years; factory labor and return freight during years three, four and five.

### Meet your Jayco Dealer

We work hard—so you can play hard. From finding the perfect Jayco for your family to providing flexible financing options and full-service support, we're here to help.

### Follow Jayco

Jayco, Inc., PO. Box 460, Middlebury, IN 46540, [www.jayco.com](http://www.jayco.com) See dealer for further information and prices.
